

'voice for the BC landscape horticulture industry'

## Industry Publications

### BCLNA Free Publications

#### HortWest Magazine

Stay current with industry news and events, including government bulletins. This is a professional magazine for the landscape nursery trade in Western Canada published 10 times per year by the BCLNA.

#### Buyer's Guide Directory

An annual directory of BCLNA members which includes listings of wholesale plants, products and services. 4,000 copies are distributed across North America.

#### Healthy Garden Guide

BCLNA's annual consumer magazine features articles to help the public make wise buying decisions.

### Industry Manuals

#### Nursery & Landscape Pest Management Production Guide (2008 Edition)

An essential reference manual for those who manage weeds, insects, and disease as part of a plant care program, including commercial growers, landscape professionals and retailers. Includes recommended production practices for control of weeds, insect pests and diseases in the production of nursery crops and ornamentals.

### Industry Manuals

#### BC Landscape Standard (7<sup>th</sup> Edition)

An essential reference for growers, landscape installation and maintenance companies, municipalities and anyone buying their services or products. Developed by the BC Society of Landscape Architects (BCSLA) and BCLNA, it establishes levels of quality to minimize variation in production, manufacturing and/or use.

#### BC Standard for Extensive Green Roofs (June 2007 Edition)

An essential reference for any company involved with this emerging technology. Developed by the BC Society of Landscape Architects (BCSLA) and BCLNA, it establishes regional guidelines for all green roof components from the membrane up.

#### Industry Statistics 2002

As the economy in BC becomes more complex, it is critical that horticultural businesses in the province are aware of all the variables under which they operate.

#### Canadian Standards for Nursery Stock (8<sup>th</sup> Edition)

In a continued effort to provide professionalism and product consistency to the consumer, this CNLA publication establishes minimum levels of standards applicable to Canadian growing conditions.

### Health & Safety Guide for Garden Centre Workers

A vital guide for identifying several safety issues that are specific to Garden Retail Centres. Includes basic information and practical tips to help keep your workplace safe.

#### Certified Horticultural Technician (CHT) Training Manuals: Retail, Installation & Maintenance

These three manuals are must-haves as an owner resource and for employee training. They are used as training text books and cover all the skills required for the CHT tests in Retail, Installation or Maintenance.

#### Preparing a Business Plan: A Guide for Agriculture Producers

Are you planning to start a new business in the agriculture industry? Use this as a guide for developing your business plan.

#### Landscape Estimating and Contract Administration

A locally authored, 2 volume reference guide to assist the landscape industry that includes dozens of sample forms and worksheets.

#### Special Pricing Available:

On bulk orders of the BC Landscape Standard (7th Edition).

Please call the office for details.
